### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Dara Onofrio on May 26th 2005 .

The application has been amended as follows:

In claims 8 and 9 first line

Delete the first "Inks"

And

Insert -- An ink composition --.

Status of the claims :-

The rejection of claims 1-9 over EP 1086999 has been withdrawn since applicants arguments are convincing.

Applicants compounds have 2 substitutions , a SO<sub>3</sub>M and a SO<sub>2</sub>R<sub>1</sub> on the benzyl ring. The prior art teaches only one S substituted substituent. There is no motivation nor any guidance in the prior art to make the modifications to arrive at the compounds of the invention.

The Claims 5 and 6 , 7-9 rejections under 35 USC 112 has also been withdrawn since applicants have convincingly argued and also amended claims 5 and 6 and the examiner has amended claims 8 and 9.

The new Claim 10 is also drawn to a process for dyeing.

Hence all the rejections have been overcome.

### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance:

The claims 1-10 are hence found to be non-obvious and not anticipated over the prior art of record and are now allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rita J. Desai whose telephone number is 571-272-0684. The examiner can normally be reached on Monday - Friday, 9:30 am to 6:00 pm.
